OUR OFFICE AND STORAGE FACILITIES LOCATED 1 MILE SOUTH OF ROGERS ON U.S. HIGHWAYS 71 AND 62

Where We Are We are located in Arkansas—in the north-west corner county (Benton), only twelve miles south of the Missouri line and twenty-six miles east of the Oklahoma line; eighty-one miles almost due north of Fort Smith, Arkansas, and eighty-three miles, almost due south of Joplin, Missouri; one hundred twenty-nine miles east of Tulsa, Oklahoma, and one hundred six miles southwest of Springfield, Missouri. On Federal highways 71 and 62, just south of Rogers, Arkansas.

ON THE TIP TOP OF THE OZARK MOUNTAINS where our growing season is almost thirty days shorter than at Fort Smith, Arkansas. Our summers are short and nights are cool, and our growing season more like that of North Missouri, Iowa and Nebraska, than Eastern and Southern Arkansas.

Hence, our stock is well adapted to the extreme Northern, Eastern and Western States as well as being the best for Southern States.

OVER 200 ACRES DEVOTED TO GROWING HARDY TREES, PLANTS, SHRUBS, EVERGREENS AND ROSES

PRUNING READY FOR PLANTING

For 5% of the amount you pay us for your trees, shrubs, plants and grape vines, we will prune the roots and tops ready for planting according to best horticultural authorities on pruning and planting.

Our Lowest Wholesale Prices DIRECT FROM GROWER TO PLANTER

(Prices quoted in this circular cancel all previous quotations.)

WE ALLOW 10 PER CENT OFF THE 100 RATE PRICES ON LOTS OF 1000 AND UP ON APPLES, PEACHES, PLUMS, CHERRIES AND PEARS.

Arkansas Stone Fruit and Nursery Stock Is VIRUS-FREE

Our stone fruits are grown under the vigilant eyes of the inspectors of the Arkansas State Plant Board in a region free from virus diseases, making it by far the safest and best nursery stock to buy. Virus diseases such as "Peach Yellows," "Phony Disease," "Peach Mosaic," and "Little Peach Disease" have ruined thousands of valuable orchards and practically wiped out the peach industry in certain peach-growing areas. These diseases are established in orchards by means of a few diseased trees in shipments of nursery stock and when planted these diseases spread from tree to tree by insects. The only

control measures so far available are the destruction of the trees and planting of new trees grown in regions free of these diseases. Don't take any chances by ordering trees that might be infested with these diseases. ALL OF OUR STONE FRUIT NURSERY STOCK IS COMPLETELY FREE FROM VIRUS DISEASES AND IS THEREFORE THE BEST AVAILABLE FOR PLANTING IN ANY OF THE FRUIT-GROWING AREAS IN THE UNITED STATES. BE SAFE AND ORDER FROM US. DON'T RISK THE LOSS OF YOUR ENTIRE ORCHARD.

C.O.D. Orders Must Have a Deposit Paid on Them.

We are sorry that experience has taught us that it is a losing proposition to fill orders and make shipments unless a deposit has been paid on the order; our stock is perishable and must have prompt attention when it arrives at destination and we are compelled to ask a deposit of 25 per cent of the amount of the order as a guarantee of good faith. We guarantee satisfaction or your money refunded.

VALUABLE

20 Page Planting Guide Given Away with Each Order

The Shipping Season generally begins about Oct. 15, and continues until up in May. This season is not regulated however, by any definite date, nor by the state of vegetation of the locality of the planted, but by the condition of the trees when received. Parties south of us may receive our trees some weeks after their season has opened, yet when planted they will give entire satisfaction.

If we are out of any items your order calls for we will substitute with one as good or better and guarantee you to be pleased, unless you tell us not to substitute.

WE PREPAY POSTAGE, EXPRESS OR FREIGHT ON ALL ORDERS To Any Part of the U. S. EXCEPT BALLED AND BURLAPPED EVERGREENS

Foreign Countries add 10% of total amount of order for shipping and handling charges.

EXTRA GIFTS!

With every order amounting to over \$10.00—we will send a beautiful flowering shrub. (Our choice of variety.)

We have only a limited supply of many of the varieties of nursery stock listed in this circular. We advise that you order TODAY so that you will be able to get the exact varieties that you want.

DON'T WAIT — ORDER TODAY.

Benton County Nursery's Trees, Shrubs And Plants Are Guaranteed to Live

ALL YOU HAVE TO DO IS TO FOLLOW THESE SIMPLE REQUIREMENTS

We want you to be pleased with your orders you receive from us, we know that is the only way we can expect you to be a satisfied customer. Every plant that you order from this circular is *guaranteed to live*. We will replace free of charge any or all plants you buy that fail to live. We are not asking you to take any risk whatsoever, just give us your order and let us prove to you that we mean what we say. All you have to do is be sure that you notify us of any plants

that fail to live on or before May 1, 1949. All we want is an opportunity to show you that we are proud to have you as a customer and leave the rest to us. We guarantee you will be a satisfied patron. Upon receipt of any stock ordered from us, if you are not entirely satisfied, return it to us by mail or express and we will refund all money paid us and for the transportation charges paid by you. You must follow our planting instructions enclosed with each order.

Read What Our Customers Say

NO MATTER WHERE YOU LIVE, OUR RUGGED MOUNTAIN-GROWN STOCK WILL THRIVE, GROW FAST AND YIELD BIG FANCY QUALITY CROPS. Read these letters from all climates and localities.

Due to the paper shortage we can publish only a few of the many thousands of letters we have received from our customers all over the United States praising our high quality nursery stock.

Kansas City, Mo.
Oct. 25, 1948.

Dear Sirs:
I received the plants a few days ago and they were in very good condition and am very pleased with them. Thanking you for sending them promptly.
Mrs. M. E. Sherwood.

Romance, Ark.
Oct. 23, 1948.

Dear Sirs:
I received the plants in good condition. Thanks.
Elmer Pledger.

Marion, Ohio.
Nov. 2, 1948.

Dear Sirs:
Received my order of shrubs. They are OK—better than I expected. I planted them as soon as they came and am satisfied.
Bert Holt.

Bryan, Texas.
Sept. 16, 1948.

Dear Sirs:
We had the pleasure of driving through your lovely state this past July. As we passed through Rogers, we admired your beautiful bed of Cannas, near the highway, so very much that we stopped and purchased two dozen of the mixed ones, just hoping they would live, as we realized July was not the month to transplant them, especially in Texas. I want to take this opportunity to tell you that all the Cannas lived and are still blooming. In fact, they never did wilt. They are beautiful and we are very proud of them.
We will certainly recommend your nursery and will stop by if we are ever passing through that part of the country again.
Mrs. John R. Naylor.

Ewing, Ky.
Sept. 6, 1948.

Dear Sirs:
Just to let you know how well pleased we are with your trees. Three years ago I ordered 12 peach trees, 1 foot high. Well they are big trees now and were they full this summer and fall. I wish everybody would order from the Benton County Nursery. I am ordering some more trees and grape vines.
Mrs. N. O. McCall.

FULTON'S PLANTABBS
PLANT FOOD TABLETS
Plus Vitamin B₁

ACTIVO

Formerly BactO

... of Many Valuable Uses
Just mix with your regular supply of chemical fertilizer and some waste, and quickly get a much improved, non-burning, soil-building plant food extended 6 to 60 times in quantity. BactO also hastens compost (easily, cheaply and quickly makes fertilizer from leaves, table scraps and other waste—even sawdust), activates pot soils, aids hot bed making, improves mushroom production, and reduces odors in outdoor toilets. An unusual, multi-use product.

RASPBERRIES

Each 12c Doz. \$1.20 100, \$8
ST. REGIS—Red everbearing.
CUMBERLAND—Black, very large.
LATHAM—Very large, red.
CHIEF—Early, large, red.

DEWBERRIES

Each 6c Doz. 60c 100, \$4
LUCRETIA—Very large, luscious, sweet.
AUSTIN—Jet black and superior quality.
PREMO—Large and good quality.

Thornless Dewberry

Perfectly free from thorns; berries are of very best quality, large in size, rich and juicy, and early.

15c each; **\$1.25** per dozen;
\$10 per 100

BLACKBERRIES

EARLY HARVEST—Early, good shipper.
McDONALD—Earliest of all. Large, sweet.
ROBINSON (Wonder)—Almost rustproof and a heavy bearer.
ELDORADO—Very large and firm. Good quality.

OZARK BEAUTY—A superior blackberry that is hardy and stands drought. Large berries with few seeds.

Each 6c; doz. 60c; 100, \$4.00

EVERBEARING BLACKBERRY

(TREE FORM)

This is one of the latest creations in blackberries. Bear enormous crops, beginning to ripen just after the Early Harvest and continue almost until frost; the berries are very large, of fine quality, melting in your mouth and does not have a large core. Husky growing plants, standing erect, resembling small trees from 6 to 8 feet high and branch heavily. We have only a very few for the market this year.

20c ea.; **\$2.00** doz.

THE NEW THORNLESS BLACKBERRY

Entirely free from thorns and one of the best flavored berries. Bears heavily and grows well in all sections. Be sure to plant some this year. Berries of large size.

15c ea.; **\$1.50** doz. **\$10.00** per 100

THE NEW BRAINARD BERRY

A new tremendously heavy yielding berry for the Central, Southern and Pacific Coast States. A trailing type, much harder and better than the Himalaya. Very productive and has large clusters of high quality berries which contain relatively smaller seeds than any other berry of this type. The Department of Agriculture has recommended it.

15c each **\$1.50** per dozen

TRELLIS

Made of seasoned Oak, painted. 5 prong. These Trellises are far superior to any we have seen. Will not split. No nails. Easy to set up. Just place prongs through holes in small strip then place end prong in hole of large strip and place cotter pin then complete prongs in each hole and fasten other end with remaining cotter key. Ready to mail.

We Will GIVE You a Beautiful Climbing Rose with your order for Trellis.
5 ft. size **\$2.00**
Trellis **\$2.00**

ROOTONE

Makes heavier grass turf, causes faster germination of seeds. Increases plant growth. Safe, sure.

Trial Pkg. 30c 2 oz. **\$1.10**

TRANSPLANTONE

The vitamin-Hormone stimulant. One ounce makes 1,000 gallons solution. Most effective form of Vitamin B-1. Use on all kinds of flowering plants, shrubs, seedlings, trees and vegetable plants when planting.

1/2 oz. 30c 3 oz. **\$1.10** 1 lb. **\$4.50**

HOW TO PLANT ROSES

Correct Planting, Pruning and Protection

Benton County Nursery's Stock Is Always Top Quality

Plant the New BOYSENBERRY for Handsome Profits

One of the largest and finest vine berries ever introduced. The Boysenberry is a new variety produced by crossing blackberries, raspberries and Loganberries. The flavor is a very pleasing blend of these three varieties. It has few and soft seeds. The plant is very vigorous and hardy, coming through in good condition, without injury, in temperatures as low as 19 below zero. The berries are extremely large, many of the berries getting more than two inches long and over one inch in diameter.

Each 12c 12 **\$1.20**
100 **\$8.00** 1000 **\$60.00**

THORNLESS BOYSENBERRIES
20c each; **\$2.00** per dozen
\$12.00 per 100

YOUNGBERRY

The new Youngberry has achieved the greatest success ever scored by any of the berry family. It not only bears very heavily but the fruit is easy to handle; it is very attractive, ships well, keeps well and can be used in many commercial possibilities and it fits in so well in the home garden that everybody should be interested in having a few vines or a commercial planting.

Youngberries are among the largest berries of dark wine color, have a minimum of seed, highly flavored and yield a rich looking cherry colored juice. You will find that more fruit will be produced from a few Youngberry bushes than any other berry of the same amount of ground. Youngberries thrive where any other berry fruits grow but do best in states of the same latitude as Ohio and South.

8c each; **80c** per doz. **\$6** per 100

THORNLESS YOUNGBERRIES

15c ea.; **\$1.50** per doz.; **\$10** per 100

CURRENTS

Mature just before raspberries and can be used either raw or cooked. They do not wine, keep well and are easy of cultivation, requiring little care. Can be grown in any good soil. RED LAKE—A new red currant with extra large berries. Borne in long bunches well filled to the tip. Superior quality and flavor. Bushes are thrifty and very productive. It's easy to grow—easy to pick—easy to sell.

50c each; **\$5.00** per dozen

DO NOT DELAY ORDER NOW

BIG JUICY STRAWBERRIES

Twice inspected, once in the Spring for Red Stele disease and once in the Fall for all kinds of insects and diseases that attacks strawberry plants and are found to be free from them all before passing these inspections.

25 for **50c** **\$1.50** per 100

\$12.00 per 1000

BLAKEMORE—The new strawberry that promises to be the best market berry yet introduced; medium early; fine quality and good shipper.

AROMA—One of the best commercial berries. SENATOR DUNLAP—Medium early and high quality.

KLONDIKE (Improved)—One of the best shipping berries.

PREMIER—Early, large size, deep red color. Firm flesh. An excellent quality.

GEM BIG JUMBO EVERBEARING STRAWBERRY

Largest of all everbearers. Fine appearance in color and quality.

1000 Plants **\$25.00**

GOOSEBERRIES

Should be planted in good, rich soil and well manured once a year. Prune regularly. Plant 4 to 6 feet apart in rows. Mulch heavily in the fall. Plants are hardy, rugged and easily grown.

HOUGHTON—A medium sized American variety which bears abundant and regular crops and never mildews; fruit smooth; red, tender, and very good; valuable.

50c each **\$5.00** per dozen

NEW PIXWELL GOOSEBERRY

Best variety grown. A tremendous bearer of large, fine quality berries. Berries hang down on the underside of branches so that they are easy to pick. Not as thorny as other kinds. Bears young. Large berries of light, green color, turning pink when fully ripe.

60c each **\$6.00** per doz.

IMPORTANT NOTICE!

Due to Federal Quarantines, we cannot ship Currants and Gooseberries into the following states: California, Conn., Georgia, Delaware, Idaho, Mass., Maine, Maryland, Mich., Minn., Montana, N. J., N. H., N. Y., No. Car., Ohio, Ore., Penna., R. I., Tenn., Vermont, Va., W. Va., and Wisconsin.

BLUE SIBERIAN IRIS

A superb plant for any flower garden. Grows about 30 inches high. Flowers are violet blue. Blooms in June and July. A good cut flower. Grows in damp but not swampy places. Be sure to order a few of these plants for your garden.

Price 15c Each; \$1.50 per Doz.

ORIENTAL ORCHIDS OF THE GARDEN

(IRIS KAEMPFERII)

Your garden is not complete until you have this beautiful flower growing in your perennial collection. Now you can grow your own Orchids by planting Iris Kaempferi, which is entirely different from all other Iris and comes into bloom as the early summer fades, continuing to bloom until mid-July. The huge 10 o.m.s. of velvety texture measure 6 to 8 inches across. The leaves are long, narrow and gracefully formed, and the plants remain decorative even after the blooming period is over. It is no wonder that the Kaempferi is called the "Orchid of the Garden." Excellent for cutting it will grow 3 to 4 feet high. Plants thrive in well drained fertile soil (it is fatal to select a location where water stands during winter).

Mixture of Colors: Rose, White, French Blue, Purple, Velvet, Lavender, Variegated (Our selection of colors)

Flower Seeds for More Attractive Gardens and Homes

In case we are out of some variety you order and it is not available, we will give you the next best, unless otherwise indicated and so stated on your order. We will name the variety substituted and so state on package, "Substituted."

KOCHIA Burning Bush or Summer Cypress—This beautiful bush grows about 2 to 2½ feet in height and resembles a closely trimmed ornamental evergreen. May be grown singly or in the form of a hedge or background. In early fall the entire bush turns bright scarlet.

Pkt. 10c 2 25c

PENGUIN GOURDS are easily grown and no particular skill is required to make delightful gifts—simply harvest when ripe, painted, mounted on wooden or plaster base and absorbent cotton is placed around to represent snow.

Pkt. 20c

MEXICAN FIRE PLANT (Annual Poinsettia) grows quickly to a height of 2½ to 3 ft. from seed sown in the open ground in May. About the middle of summer, the top central leaves turn to rich orange-scarlet, similar to the famous green-house variety of Poinsettia which is so popular about Christmas time. Can also be grown as a house plant.

Pkt. 15c 1/16 75c

MIXED PETUNIAS, a good range of brilliant and impressive colors; these hardy plants retain a continuance of blooms until frost. Their blazing array of color makes any display an object of admiration and beauty when stocked with these vigorous

HOLLYHOCK Double Mixed

Pkt. 15c

SHOO-FLY PLANT—it is said that flies will not stay in a room where it is grown if they can conveniently escape. What it is about it that repulses them is not clear, as the plant and flowers have no odor. It is a beautiful flowering plant, and blooms in a short time (60 days) from seed. It is a profuse bloomer in pots both summer and winter, the blooms being large, cup-shaped and of a lovely light blue color

Pkt. 15c

TEXAS BLUE BONNET.....Pkt. 15c

GIANT ZANZIBAR PALM Zanzibarilensis—Ornamental

Foliage Plant from seed of this variety, sown in the open ground in May, the plants are 2½ to 3 ft. high and form a perfect pyramid of foliage and brilliantly colored fruit, presenting a beautiful tropical appearance. Enormous leaves 2 to 4 feet across, and highly colored light and dark green, coppery-bronze and dark green with reddish ribs. The plants are a repellent to Moles and the foliage is death to Japanese Beetles

Pkt. 15c 2 25c

CACTUS SEEDS—Cactus make most interesting house plants, extremely odd and curious, and many have generous and beautiful blossoms, sweet scented, and blooming profusely. Easily grown, thrive and bloom with very little care, and endure the heat and dryness of the ordinary living room. Fresh seed of a mixture of choice varieties—sow seed in pots or boxes in a warm room in moist sand, and the seed will grow quickly.

Pkt. 15c

ORNAMENTAL GOURDS—Calabash Pipe—Dichloth—Nest Egg—Pear-Shaped—Powderhorn—Sugar Trough—A fine mixture of care.

useful ornamental varieties.....Pkt. 15c 2 25c

SURPRISE GARDEN MIXTURE, hundreds of varieties of pretty flowers at practically no cost. This flower seed mixture is especially prepared from a select list of hundreds of sorts—the colors are varieties being carefully proportioned to produce a constant and varied bloom the whole season.

Plant ANOKA

THE OLD FOLK'S FAVORITE

Bears second year. A wonderful early apple. Fruit is large and yellow, streaked with strawberry red.

3 to 5 ft. size **80¢** each

ARKANSAS BLACK

ANOTHER BRAND NEW PEACH—The Arkansas Black is the earliest peach known in this section. It ripens before the Mayflower; it is much larger than Mayflower and the most beautiful color we have yet seen for a peach. They are very dark red getting almost black, clingstone and of good quality. They have a good color for several days before they are ripe, and from the time they are ripe the fine appearance they have and good quality make them sell like hot cakes.

1 to 3 ft. **35¢; \$3.50 per dozen**

DOLGO

DOLGO—A handsome red Crab Apple. Flesh is deep red to the core. The fruit is full of juice, jells easily and makes a rich ruby red jelly of beautiful color and excellent flavor.

2 to 4 ft. **80¢** Each

New IMPROVED Elberta

NEW IMPROVED ELBERTA—The fruit is almost round, with deep red blush on the side; it is easily 4 to 5 inches in diameter with excellent flavor. A few years ago a local fruit man gave \$5.00 for a bushel (when he could and was buying ordinary Elbertas for \$1.50 to \$2.00 per bushel).

CRAB APPLES

FOR ALL CLIMATES

Crab Apples are especially desirable in the colder sections as only a few varieties of apples can be successfully grown; but they succeed well in all climates and their fruit is very popular for preserves, jelly, and some sorts are excellent for eating.

FLORENCE—The finest of the Crab Apples. Tree of rather small size, coming into bearing when very young and producing heavily; the fruit setting in clusters. The apples will measure about an inch or slightly more in diameter; golden yellow with a bright cheek, or almost entirely red. The flesh is firm, fine grained and exceedingly juicy with that distinct crispness so relished in a crab apple.

RED SIBERIAN—Fruit about an inch in diameter, brilliant yellow with an attractive red cheek; very juicy and excellent for jellies, preserves and pickles. The tree becomes a very large size.

2 to 3 ft. **50¢** each
3 to 4 ft. **70¢** each
4 to 5 ft. **90¢** each

NEW Perkin's Everbearing APPLE

Medium size, roundish, yellow, nearly covered with red; flesh white, fine grained, juicy, tender and mild. Bears from mid-summer until after frost. Excellent keeper.

2 to 4 ft. **\$1.50** Each
4 to 6 ft. **\$2.00** Each

NEWER APPLE TREES

...for BIG PROFITS
Plant These Varieties

RED DELICIOUS (Blood Red)—This Delicious is identical with the Genuine Delicious in size and flavor, but is a rich red color; it is a beauty and always brings the highest prices; the quality is of the very best.

LODI—Is a seedling of Yellow Transparent. The tree and the fruit resemble the Yellow Transparent but the fruits are much larger and make the Yellow Transparent apples look like culls. The tree bears annually and ripens with the Yellow Transparent.

DELUX—Very early and large size fruit, good cooking and eating apple with a light green

color. Bears heavily.

BLOOD RED JONATHAN—Gets red all over, ripens same time as Jonathan; good size and quality.

BLOOD RED STAYMAN WINESAP—A large Stayman Winesap that is blood red, excellent quality, keeps well. The tree is a fair grower and good bearer.

TURLEY—A blood red Stayman Winesap that does not crack. We highly recommend this variety.

BLOOD RED ROME BEAUTY—Bright. Large beautiful red apple. Excellent for baking. The tree blooms late and is a sure bearer.

NEW WHETSTONE Apple

A Ben Davis by Jonathan cross, which in turn was crossed with Delicious. Originated at the Missouri State Fruit Experiment Station at Mountain Grove, Mo. The fruit is large, well colored, uniform in size and shape, keeps extremely well. The fruit is red with dark obscure stripe of medium width. Has greenish yellow background, but colors well all over when ripe.

The tree is vigorous, has large leaves, long apple stems and thick twigs. Produces large regular crops of high percentage of smooth apples. The finest baking apple we have ever known. Latest ripening apple to pick, October to June. The most interesting characteristic is its ability to hang on the tree and continue to grow and color after most all other commercial varieties drop.

Don't fail to order at least one of these trees this year. **\$1.50**

We can furnish 3 to 5 ft. size for only

Peach Special

109 TREES FOR ONLY \$8.75

Elberta seedlings famous for canning, making preserves and pies. Fine eating just as they come off the trees. They are the most popular of all varieties of peaches grown. They are very large in size, yellow freestone, of excellent quality. Ripens last of July to first of August, they often produce peaches superior to the parent trees.

Enough to plant 1 acre 20 by 20 ft. apart, or 109 all prepaid to your station. Only one of these to a customer for only—

1 to 2 ft. **\$8.75**

NOVELTY PLANTS

ELDERBERRY

The small white flowers come in large, handsome clusters; very fragrant, handsome, opening in early summer when other flowers are scarce. Fruit black, very profuse; ripening in August. Grows 6 to 8 feet high. Berries are highly esteemed for pies, sauce, cordials, and highly flavored wine which is very refreshing. Everybody likes these Elderberries; they are easy to grow and do well everywhere.

Price 25c each; \$1.50 per dozen

JUJUBE (Hardy Chinese Date)

The Chinese Date (Jujube or Zizyphus) is a fruit from the high interior of China. The tree is a heavy and constant bearer and commences to bear at an early age, four-year-old trees having produced 150 pounds of fruit. It blooms very late in the spring, avoiding all danger from spring frosts. The fruit is one to two inches long, and chocolate colored. It is delicious when eaten fresh or cured like dates, and is excellent for preserves and jam. Cooked in a sugar syrup and allowed to dry, it becomes a most tasty and palatable confection which we believe will eventually rival the date as a commercial product. Every home should have one or more trees. It likes a clean back yard where it is not cultivated but will grow anywhere.

\$1.50 each; \$15.00 per doz.

WHITE RIVER CANE

Makes excellent fishing poles. Grows 20 to 30 ft. high in good rich soil. Grows and multiplies very rapidly.

Price 15c each; \$1.50 per doz.

OZARK HUCKLEBERRY

This delicious little berry is a native of the Ozark Mountain range, remarkable for its fine flavor. is a choice fruit for jams, pies and fruit cake. Grows luxuriant, very hardy; a prolific bearer, and when given a small amount of attention produces regular annual crops. Will grow on almost any kind of soil, and when once set is there permanently, never having to be renewed.

15c ea.; \$1.50 doz.

PAW PAW or "ARKANSAS BANANA"

A small tree with purplish or whitish flowers and handsome foliage. The large fruit is edible and improves by cultivation. Hardy as far north as the middle of Nebraska. Worthy of more extensive planting. Very desirable as an ornamental tree.

SASSAFRAS (Verolium)

Usually a small, slender tree, but specimens up to 100 feet high. Flowers yellow, usually in racemes that bloom before the leaves unfold, delightfully fragrant. Fruit blue-black with a bloom, on fleshy, bright red stalks. Almost no native trees have such gorgeous scarlet foliage in the fall. The roots make a fine healthy tea in the spring of the year.

3 to 5 ft., 60c each

BAMBOO GRASS

Arundinaria, japonica: The hardiest of the group and safely planted throughout the United States, stems 10 to 12 feet in height, leaves flat, short-stalked, from persistent sheaths. Flowers grass-like, in flattish spikes which are gathered in large, often plummy clusters. Fine for summer and fall screens.

15c each; \$1.50 dozen

MINT (Piperta)

Peppermint, also known as brandy mint. A perennial herb 1 to 3 feet high, characterized by its strong, pungent oil, reproducing by underground stems. Has purple flowers in terminal spikes nearly 3 inches long. It grows well in wet soil.

10c each; \$1.00 dozen

Arkansas Native Persimmons

A very large seedling variety.

50c each; \$5.00 dozen

Improved DWARF JUNE BERRY

A good substitute for the large or Swamp Huckleberry. The fruit is borne in clusters, and is reddish-purple in color and changing to a bluish black. In flavor it is a mild, rich subacid, excellent as a dessert fruit or canned.

20c ea; \$2.00 doz.

We accept orders subject to stock being unsold when your order comes up for shipment and we are not liable for more than you have paid, which will be promptly refunded in case we cannot fill your order.

FOR SURROUNDINGS OF BEAUTY

EVERBLOOMING TWO YEAR FIELD GROWN PLANTS HYBRID TEA ROSES

RED VARIETIES

ETOILE DE HOLLANDE—Very large, well built, brilliant red blooms, fragrant. One of the best new garden roses.

E. G. HILL—Great massive blooms of deep velvety maroon.

FRANCIS SCOTT KEY—One of the largest reds. Color is a beautiful crimson-red shading to cerise, and has a profusion of petals opening to a higher center. Thrifty grower. Very hardy. Beautiful foliage.

RADIANCE, RED—Beautiful red sport of Pink Radiance and like it except color. Stands second among the best twelve roses of its class in America.

ROUGE MALLERN—Long pointed scarlet buds; red blooms. Fragrant. Sturdy.

YELLOW VARIETIES

GOLDEN DAWN—Large pointed buds of bright yellow, tinged with red. Flower large, well shaped, deliciously fragrant. Fine foliage, in different stages of development.

GOLDEN OPHELIA—Golden yellow. Varying in different stages of development.

LADY HILLINGDON—Deep apricot-yellow to orange. Long, slender pointed buds. A very free blooming variety, sturdy growth.

LUXEMBOURG—Flowers deep orange, with long pointed buds on graceful stems. Beautiful foliage. Strong, thrifty grower.

ROSLYN—Tapering buds, big, ruffled golden-yellow flowers. Very fragrant. Long stems.

TWO-TONE VARIETIES

TALISMAN—A gorgeous assemblage of colors, exhibiting mostly gold, apricot-yellow, blood-orange, deep pink and old-rose. The bud is long and shapely, developing into medium-size, compactly double flowers. Free bloomer; glossy foliage.

PRES. H. HOOVER—A glorious new multi-colored rose, unfolding its broad, thick petals unhesitatingly from the beautiful pointed bud. Vivid cerise-pink, softly flamed with yellow, orange and scarlet; this combination most emphatic on the reverse. The perfume is exquisite; the foliage ornamental.

PINK VARIETIES

RADIANCE, PINK—One of the most magnificent garden varieties with large pointed buds which are rosy-carmine on the outside of petals and light, silvery-pink on inside. Very beautiful. Very vigorous.

EDITOR McFARLAND—Clear brilliant pink. Perfect form; long lasting when cut. Strong stems.

COLUMBIA—Beautiful peach-pink, deepening as it opens. Superior shaped buds on very long and nearly thornless stems of good length. Very hardy.

BETTY UPRICHARD—Copper-red buds, opening to semi-double, large blooms of delicate salmon-pink, with reverse carmine having coppery sheen. One of the best bloomers.

WHITE VARIETIES

KAISERIN AUGUSTA VIKTORIA—Queen of white roses. Pure, pearly white with splendid large buds and superb, full double blooms. A profuse and continuous bloomer.

CALEDONIA—The "White American Beauty." Large flowers of waxy paper white in June, yielding their final outburst with the first snow fall.

CHRISTOPHER STONE

Bright velvety scarlet-red with golden stamens. Very fragrant. Vigorous, upright grower and abundant bloomer.

DUQUESA DE PENARANDA

Spectacular double flowers of apricot and copper. Fragrant. Attractive foliage. Good grower and a real beauty.

PINK DAWN

Splendidly formed flowers of velvety rose-pink. A fine cutting rose. Free blooming. A lovely rose.

SOUER THERESE

Exquisite long tapered buds of golden yellow with edges of petals spotted madder-carmine.
